ITW American Safety Technologies
Attn: David Robinson
565 Eagle Rock Ave.
Roseland, NJ 07068

Dear Mr. Robinson:

Subj: APPROVAL OF ITW AMERICAN SAFETY TECHNOLOGIES' MS-5000G, 6000G,
5101G, 6101G AND 8000G - MIL-PRF-24667B/COATING SYSTEM, NON-SKID

Dear Mr. Robinson:

Based on successfully testing your subject non-skid systems to
MIL-PRF-24667B, Types V, VI and VIII, Composition G, qualification is
hereby granted to your products subject to the conditions printed on
the reverse side of this page.

Based on Navy Environmental Health Center's (NEHC) administrative
health hazard assessments (AHHAs), enclosure (1) your subject non-skid
products can be safely used respecting limitations outlined in
enclosure (1) of the NEHC letters. In addition, the safety precautions
outlined in your Material Safety Data Sheet (MSDS) for each product
must be strictly followed and diligently applied.

Your products will appear as follows in Electronic Qualified
Products List QPL-24667.

MIL-PRF-24667B

Table with 5 columns: GOVERNMENT DESIGNATION, MANUFACTURER'S DESIGNATION (Non Skid, Primers, Clr Topping), TEST OR QUALIFICATION REFERENCE, and MANUFACTURER'S NAME AND ADDRESS. It lists specifications for Type V and Type VI composite materials.

CONDITIONS UNDER WHICH QUALIFICATION IS GRANTED

The listing of your product on the Qualified Products List does not guarantee acceptance of the product in any future purchase nor does it constitute a waiver of the requirements of the specification or the provisions of any contract.

Any use of the listing for publicity, advertising, or sales will not state or imply that the product or the process is the only one of that type so qualified, or that the government in any way recommends or endorses the manufacturer's product in preference to other qualified products. (Violation cause for removal from the list.)

Listing applies only to products produced in, or process used in, the plant specified in the letter of notification. The listing is effective at 8:00 a.m. (Local time of the qualifying activity) as of the date of the letter of notification.

Listing applies to amendments or revisions of the specification, unless otherwise notified.

Listing applies only to products or processes identical to those qualified (or to products defined in the family of products granted qualification coverage). The qualifying activity must be advised in advance of any intended change to a qualified product or process and must be provided with complete description of the change. Failure to notify the qualifying activity of any change is cause for removal from the listing regardless of the extent of the change.
